Mr. Manish Wasuja,
WASH Specialist,
UNICEF India Country Office

Manish is Water, Sanitation and Hygiene (WASH) Specialist working with UNICEF India Country Office in Delhi, India. With over 20 years of experience, of which over 15 years in the context of rural drinking water quality in three different states (Bihar, Jharkhand and Gujarat) with UNICEF, he has supported national and state governments strengthening their capacity to effectively develop and implement the water, sanitation and hygiene programme. Presently, his portfolio is supporting Ministry of Jal Shakti in the design and rollout of Jal Jeevan Mission. He was a member of national task force on JJM. Academically, Manish is an M. Tech. in Energy and Environmental management from IIT-Delhi.

Dr. Girija K. Bharat, Ph.D.
Founder Director, Mu Gamma Consultants Pvt.
Ltd., **Gurgaon**

Dr. Girija K. Bharat, is the Founder Director of Mu Gamma Consultants Pvt. Ltd., Gurgaon. She is an international expert with 30 years of experience in water quality and conducts research and capacity building activities in India on Water Resource Management, Water Supply and Sanitation, Chemical Pollution Control (Persistent Organic Chemicals-POPs) and Environmental Management.

She started her career as a Scientist in Council of Scientific & Industrial Research, Government of India and was a Presidential Scholar at George Mason University, USA. She has worked with many institutions including TERI, USAID, The World Bank. She has 75 national and international publications, including the Global Sustainable Development Report, 2015 and 16. She is currently drafting the National Policy of India on Safe Reuse of Wastewater.

Mr. Mariappa Kullappa
Sr. Water and Sanitation Specialist
World Bank Water and Sanitation Program

Mariappa Kullappa is currently working as a Senior Water and Sanitation Specialist in the World Bank Water Global Practice. He has been working in the water and sanitation sector for more than two decades. Kullappa has worked on a range of issues on water and sanitation in rural and urban areas. He has worked with bilateral agencies like DANIDA, Royal Netherlands Assistance, private sector and academic institutions. He is currently working on the Government of India's flagship program Swachh Bharat Mission - Gramin (SBM-G) and other Bank supported water and sanitation projects in India.
